Forecast for Tuesday 27 Jun 2023

Weather: A bright start to the day but cloud soon increasing and rain spreading in from the southwest through the morning, reaching most parts by early afternoon, turning heavier later. Into the evening, rain will persist but generally lighter, with some drier interludes by midnight.

Chance of cloud-free hill tops above 800m: 90% at first, decreasing from the southwest to 60% by early afternoon, falling to around 30% into the evening. 70% by late evening.

Low cloud and visibility: Broken low cloud in association with the rain, base 500 - 700m, becoming more widespread into the afternoon, becoming scattered by late evening. Visibility good at first, reducing to moderate in rain.
